Index to Volume 90

Subject index

Adhesion
Effect of antiadhesive agents on peritoneal carcinomatosis in an experimental model, 66
Experimental evaluation of phospholipids and icodextrin in re-formation of peritoneal adhesions, 1604
Pathophysiology of intra-abdominal adhesion and abscess formation, and the effect of hyaluronan, 533
Population-based study of the surgical workload and economic impact of bowel obstruction caused by postoperative adhesions, 1441
Randomized clinical study of Gastrografin® administration in patients with adhesive small bowel obstruction, 542
Laparoscopic compared with conventional treatment of acute adhesive small bowel obstruction, 1147

Anal canal
Potential clinical implications of direction of a trans-sphincteric anal fistula track, 1250

Anatomy
Spatial relations of the angular vein, an important landmark in axillary nodal dissection, 948

Aneurysm
Abdominal aortic aneurysms in the New Zealand Maori population, 1361
Comparison of POSSUM scoring and the Hardman Index in selection of patients for repair of ruptured abdominal aortic aneurysm, 421
Controlling the expansion of abdominal aortic aneurysms, 897
Cytokine gene polymorphisms and the inflammatory response to abdominal aortic aneurysm repair, 1085
Familial clustering of abdominal aortic aneurysm – smoke signals, but no culprit genes, 1173
Management of aortic aneurysm infected with *Salmonella*, 1080
Persistent increase in the incidence of abdominal aortic aneurysm in Scotland, 1981–2000, 1510
Recommendations for screening intervals for small aortic aneurysms, 821
Renal dysfunction and prolonged visceral ischaemia increase mortality rate after suprarenal aneurysm repair, 1142
Screening for abdominal aortic aneurysm, 515
Value of the Glasgow Aneurysm Score in predicting the immediate and long-term outcome after elective open repair of infrarenal abdominal aortic aneurysm, 838

Anorectal
Assessment of the accuracy of transrectal ultrasonography in anorectal neoplasia, 346
Extrasphincteric rectal fistulas treated successfully by Soave's procedure despite marked local sepsis, 237
Options for sphincter preservation in surgery for low rectal cancer, 922
Potential clinical implications of direction of a trans-sphincteric anal fistula track, 1250
Use of transpelvic rectus abdominis musculocutaneous flap for anal cancer salvage surgery, 575

Anus
L-Arginine-induced relaxation of the internal anal sphincter is not mediated by nitric oxide, 1155
Magnetic resonance imaging for primary fistula *in ano*, 877
Meta-analysis to determine the incidence of obstetric anal sphincter damage, 1333
Smoking affects the outcome of transanal mucosal advancement flap repair of trans-sphincteric fistulas, 351
Symptoms and anal sphincter morphology following primary repair of third-degree tears, 1573
Treatment of perianal abscess and fistula-*in-ano* in children, 220
Use of hyperbaric oxygen to treat chronic anal fissure, 452
Use of transpelvic rectus abdominis musculocutaneous flap for anal cancer salvage surgery, 575

Aorta
Comparison of POSSUM scoring and the Hardman Index in selection of patients for repair of ruptured abdominal aortic aneurysm, 421
Controlling the expansion of abdominal aortic aneurysms, 897
Cytokine gene polymorphisms and the inflammatory response to abdominal aortic aneurysm repair, 1085
Management of aortic aneurysm infected with *Salmonella*, 1080
Mid-term results for second-generation thoracic stent grafts, 811
Screening for abdominal aortic aneurysm, 515
Use of mortality rate after aortic surgery as a performance indicator, 827
Value of the Glasgow Aneurysm Score in predicting the immediate and long-term outcome after elective open repair of infrarenal abdominal aortic aneurysm, 838

Apoptosis
Significance of apoptosis in surgical oncology, 129

Appendix
Carcinoid tumour of the appendix, 1317
Decline in admission rates for acute appendicitis in England, 1586

Artery
Arterial problems in athletes, 1461
Endovascular management of traumatic cervicothoracic arteriovenous fistula, 1516
Radial artery as a conduit for diabetic crural bypass, 57
Reoperation for neurological complications following carotid endarterectomy, 832

Atheroma
Reoperation for neurological complications following carotid endarterectomy, 832

Audit
Cold provocation testing and hand-arm vibration syndrome – an audit of the results of the Department of Trade and Industry scheme for the evaluation of miners, 1076
Comparison of P-POSSUM risk-adjusted mortality rates after surgery between patients in the USA and the UK, 1593
Current practice of emergency vagotomy and *Helicobacter pylori* eradication for complicated peptic ulcer in the United Kingdom, 88
Decline in admission rates for acute appendicitis in England, 1586
Evaluation of POSSUM and P-POSSUM scoring systems in patients undergoing colorectal surgery, 340
Meta-analysis to determine the incidence of obstetric anal sphincter damage, 1333
Persistent increase in the incidence of abdominal aortic aneurysm in Scotland, 1981–2000, 1510
Registration and validity of surgical complications in colorectal cancer surgery, 454
Systematic review of the quality of surgical mortality monitoring, 527
The Physiological and Operative Severity Score for the enUmeration of Mortality and morbidity (POSSUM), 157
The National Health Service Breast Screening Programme and British Association of Surgical Oncology audit of quality assurance in breast screening 1996–2001, 82
Towards a national clinical minimum data set for general surgery, 1300

Axilla
Lymphoedema and reduced shoulder function as indicators of quality of life after axillary lymph node dissection for invasive breast cancer, 76
Management of accessory breast tissue in the axilla, 1213
Prediction of tumour involvement in remaining axillary lymph nodes when the sentinel node in a woman with breast cancer contains metastases, 1354
Removal of two sentinel nodes accurately stages the axilla in breast cancer, 1349
Spatial relations of the angular vein, an important landmark in axillary nodal dissection, 948

Bile duct
Host immune responses and intestinal permeability in patients with jaundice, 239
Non-Hodgkin lymphoma presenting with obstructive jaundice, 845

Bile duct – tumour
Non-Hodgkin lymphoma presenting with obstructive jaundice, 845

Biopsy
Accuracy of fine-needle aspiration cytology in patients with radiation-induced thyroid neoplasms, 755
Fine-needle aspiration cytology in the diagnosis of acute rejection after liver transplantation, 246

Blood
Individual inflammatory response of human blood monocytes to mesh biomaterials, 114

Breast
Cosmesis and satisfaction after breast-conserving surgery correlates with the percentage of breast volume excised, 1505
Management of accessory breast tissue in the axilla, 1213

Breast – cancer
Bone marrow micrometastasis in breast cancer, 290
Ovarian ablation in the adjuvant treatment of premenopausal and perimenopausal breast cancer, 517
Prediction of tumour involvement in remaining axillary lymph nodes when the sentinel node in a woman with breast cancer contains metastases, 1354
Removal of two sentinel nodes accurately stages the axilla in breast cancer, 1349
Risk factors for local recurrence after breast-conserving surgery, 1093
The need for targeted research into breast cancer in the elderly, 388
The prevention of breast cancer, 772
Value of the Van Nuys Prognostic Index in prediction of recurrence of ductal carcinoma *in situ* after breast-conserving surgery, 426

Breast – malignant
Bone marrow micrometastasis in breast cancer, 290
Risk factors for local recurrence after breast-conserving surgery, 1093
The prevention of breast cancer, 772

Breast – reconstruction/plastics
Cosmesis and satisfaction after breast-conserving surgery correlates with the percentage of breast volume excised, 1505
Impact of skin-sparing mastectomy with immediate reconstruction and breast-sparing reconstruction with miniflaps on the outcomes of oncoplastic breast surgery, 433

Breast – surgery
Cosmesis and satisfaction after breast-conserving surgery correlates with the percentage of breast volume excised, 1505
Impact of skin-sparing mastectomy with immediate reconstruction and breast-sparing reconstruction with miniflaps on the outcomes of oncoplastic breast surgery, 433
Management of accessory breast tissue in the axilla, 1213

Breast – tumour
Impact of skin-sparing mastectomy with immediate reconstruction and breast-sparing reconstruction with miniflaps on the outcomes of oncoplastic breast surgery, 433

Carcinoma
Effect of endoscopic ultrasonography on the management of 100 consecutive patients with oesophageal and junctional carcinoma, 1220
Preoperative treatment of hepatocellular carcinoma with intra-arterial injection of 131I-labelled lipiodol, 1379
Value of endoscopic ultrasonography as a predictor of long-term survival in oesophageal carcinoma, 1367

Cirrhosis
Arterialization of the portal vein improves hepatic microcirculation and tissue oxygenation in experimental cirrhosis, 1232

Copyright © 2003 British Journal of Surgery Society Ltd
Published by John Wiley & Sons Ltd

Interstitial laser coagulation with temporary hepatic artery occlusion for patients with cirrhosis and irresectable hepatoma, 950

Colon – malignant
Carcinoid tumour of the appendix, 1317
Detection of disseminated tumour cells in blood and bone marrow samples of patients undergoing hepatic resection for metastasis of colorectal cancer, 989
Prognostic factors in resection of pulmonary metastasis from colorectal cancer, 1436
Simultaneous resection of colorectal primary tumour and synchronous liver metastases, 956

Colon – miscellaneous
Anti-inflammatory drugs, analgesics and the risk of perforated colonic diverticular disease, 1267
Carcinoid tumour of the appendix, 1317
Randomized clinical trial comparing epidural anaesthesia and patient-controlled analgesia after laparoscopic segmental colectomy, 1195
Randomized clinical trial of multimodal optimisation and standard perioperative surgical care, 1497

Colon – surgery
Evaluation of POSSUM and P-POSSUM scoring systems in assessing outcome after laparoscopic colectomy, 1280
Laparoscopic intersphincteric resection with coloplasty and coloanal anastomosis for mid and low rectal cancer, 445
Randomized clinical trial of multimodal optimisation and standard perioperative surgical care, 1497
Simultaneous resection of colorectal primary tumour and synchronous liver metastases, 956
Salvage surgery after restorative proctocolectomy, 909

Colon – tumour
Simultaneous resection of colorectal primary tumour and synchronous liver metastases, 956
Systemic inflammatory response predicts survival following curative resection of colorectal cancer, 215

Colonoscopy
Randomized clinical trial comparing consultant-led or open access investigation for large bowel symptoms, 941
Use of multidetector-row computed tomographic colonography before flexible sigmoidoscopy in the investigation of rectal bleeding, 1163

Colorectal
Anastomotic leakage after curative anterior resection results in a higher prevalence of local recurrence, 1261
Evaluation of POSSUM and P-POSSUM scoring systems in patients undergoing colorectal surgery, 340
Matrix metalloproteinase 2 and 9 activity in patients with colorectal cancer liver metastasis, 1556
Risk of dysplasia in the columnar cuff after stapled restorative proctocolectomy, 72
Salvage surgery after restorative proctocolectomy, 909
Use of multidetector-row computed tomographic colonography before flexible sigmoidoscopy in the investigation of rectal bleeding, 1163

Colorectal cancer
Anastomotic leakage after curative anterior resection results in a higher prevalence of local recurrence, 1261
Clinicopathological and molecular biological features of colorectal cancer in patients less than 40 years of age, 205
Comparison of stenting with emergency surgery as palliative treatment for obstructing primary left-sided colorectal cancer, 1429
Cyclo-oxygenase 2 inhibition in colorectal cancer therapy, 1055
Detection of disseminated tumour cells in blood and bone marrow samples of patients undergoing hepatic resection for metastasis of colorectal cancer, 989
Evidence of the effect of 'specialization' on the management, surgical outcome and survival from colorectal cancer in Wessex, 583
Male gender adversely affects survival following surgery for colorectal cancer, 711
Perioperative detection of disseminated tumour cells is an independent prognostic factor in patients with colorectal cancer, 882
Prognostic factors in resection of pulmonary metastasis from colorectal cancer, 1436
Randomized clinical trial of adjuvant radiotherapy and 5-fluorouracil infusion in colorectal cancer (AXIS), 1200
Registration and validity of surgical complications in colorectal cancer surgery, 454
Sentinel lymph node mapping in colorectal cancer, 659
Simultaneous resection of colorectal primary tumour and synchronous liver metastases, 956
Systemic inflammatory response predicts survival following curative resection of colorectal cancer, 215

Colostomy
Experimental model of continent colostomy using rectus abdominis neosphincteroplasty, 1273

Complication
Prospective randomized study of bacteraemia in diathermy and stapled haemorrhoidectomy, 222
Registration and validity of surgical complications in colorectal cancer surgery, 454
Reoperation for neurological complications following carotid endarterectomy, 832
Risk factors predicting the development of complications after foreign body ingestion, 1531
Salvage surgery after restorative proctocolectomy, 909
Septic complications after treatment of haemorrhoids, 147

Continence
Effect of sacral nerve stimulation on autonomic nerve function, 1256
Experimental model of continent colostomy using rectus abdominis neosphincteroplasty, 1273
Use of a continent colonic conduit for treatment of refractory evacuatory disorder following construction of an electrically stimulated gracilis neoanal sphincter, 1416

Crohn's disease
Laparoscopic surgery for recurrent Crohn's disease, 970

Cytology
Accuracy of fine-needle aspiration cytology in patients with radiation-induced thyroid neoplasms, 755

Copyright © 2003 British Journal of Surgery Society Ltd

Fine-needle aspiration cytology in the diagnosis of acute rejection after liver transplantation, 246

Day surgery
Day-case laparoscopic Nissen fundoplication, 560

Diabetes
Growth factors in the treatment of diabetic foot ulcers, 133
Improved patient survival in recipients of simultaneous pancreas-kidney transplant compared with kidney transplant alone in patients with type 1 diabetes mellitus and end-stage renal disease, 1137
Radial artery as a conduit for diabetic crural bypass, 57
Transplantation for diabetes mellitus, 1031

Diagnosis
Effect on diagnostic efficiency of analgesia for undifferentiated abdominal pain, 5

Diverticulum
Anti-inflammatory drugs, analgesics and the risk of perforated colonic diverticular disease, 1267
Factors and consequences of conversion in laparoscopic sigmoidectomy for diverticular disease, 232
Origin of symptoms in diverticular disease, 899

Doppler
Control of emboli in patients with recurrent or crescendo transient ischaemic attacks using preoperative transcranial Doppler-directed Dextran therapy, 166

Duodenum
Duodenum- and spleen-preserving total pancreatectomy for end-stage chronic pancreatitis, 1401
Prevalence of multiple endocrine neoplasia type 1 in young patients with apparently sporadic primary hyperparathyroidism or pancreaticoduodenal endocrine tumours, 1599

Elderly patients
Image-directed parathyroidectomy under local anaesthesia in the elderly, 738
The need for targeted research into breast cancer in the elderly, 388

Embolization
Enoxaparin effect depends on body-weight and current doses may be inadequate in obese patients, 547

Emergency surgery
Comparison of stenting with emergency surgery as palliative treatment for obstructing primary left-sided colorectal cancer, 1429
Sequential physiology scoring facilitates objective assessment of resuscitation in patients with an intra-abdominal emergency, 1445

Endocrine
Carcinoid tumour of the appendix, 1317
Differences between endocrine surgeons and endocrinologists in the management of non-toxic multinodular goitre, 1103
Prevalence of multiple endocrine neoplasia type 1 in young patients with apparently sporadic primary hyperparathyroidism or pancreaticoduodenal endocrine tumours, 1599
Role of endoscopic ultrasonography in screening and treatment of pancreatic endocrine tumours in asymptomatic patients with multiple endocrine neoplasia type 1, 748
Randomized clinical trial of the effect of interferon α on survival in patients with disseminated midgut carcinoid tumours, 687

Endoscopy
Effect of endoscopic ultrasonography on the management of 100 consecutive patients with oesophageal and junctional carcinoma, 1220
Role of endoscopic ultrasonography in screening and treatment of pancreatic endocrine tumours in asymptomatic patients with multiple endocrine neoplasia type 1, 748
Value of endoscopic ultrasonography as a predictor of long-term survival in oesophageal carcinoma, 1367

Experimental
L-Arginine-induced relaxation of the internal anal sphincter is not mediated by nitric oxide, 1155
Arterialization of the portal vein improves hepatic microcirculation and tissue oxygenation in experimental cirrhosis, 1232
Colonic anastomotic strength and matrix metalloproteinase activity in an experimental model of bacterial peritonitis, 981
Effect of antiadhesive agents on peritoneal carcinomatosis in an experimental model, 66
L-Erythro-methoxamine is more potent than phenylephrine in effecting contraction of internal anal sphincter *in vitro*, 872
Experimental evaluation of phospholipids and icodextrin in re-formation of peritoneal adhesions, 1604
Experimental model of continent colostomy using rectus abdominis neosphincteroplasty, 1273
Experimental model to estimate intestinal viability using charge-coupled device microscopy, 460
Heat preconditioning prevents oxidative stress-induced damage in the intestine and lung following surgical manipulation, 473
Lesion progression with time and the effect of vascular occlusion following radiofrequency ablation of the liver, 306
^{111}In-labelled octreotide binding by the somatostatin receptor subtype 2 in neuroendocrine tumours, 549
Matrix metalloproteinase 2 and 9 activity in patients with colorectal cancer liver metastasis, 1556
Pelvic connective tissue resilience decreases with vaginal delivery, menopause and uterine prolapse, 466
Plasminogen mediates liver regeneration and angiogenesis after experimental partial hepatectomy, 1384
Protection against experimental small intestinal ischaemia-reperfusion injury with oxygenated perfluorochemical, 1015
Segmental nature of the porcine liver and its potential as a model for experimental partial hepatectomy, 440
Use of radiolabelled iododeoxyuridine as adjuvant treatment for experimental tumours of the liver, 1225

Faecal incontinence
Use of a continent colonic conduit for treatment of refractory evacuatory disorder following construction of an electrically stimulated gracilis neoanal sphincter, 1416

Familial adenomatous polyposis
Female fecundity before and after operation for familial adenomatous polyposis, 227
Salvage surgery after restorative proctocolectomy, 909
Worldwide survey among polyposis registries of surgical management of severe duodenal adenomatosis in familial adenomatous polyposis, 705

Fissure
Use of hyperbaric oxygen to treat chronic anal fissure, 452

Fistula
Endovascular management of traumatic cervicothoracic arteriovenous fistula, 1516
Extrasphincteric rectal fistulas treated successfully by Soave's procedure despite marked local sepsis, 237
Ileal pouch-vaginal fistula treated by abdominoanal advancement of the ileal pouch, 1434
Magnetic resonance imaging for primary fistula *in ano*, 877
Potential clinical implications of direction of a trans-sphincteric anal fistula track, 1250
Smoking affects the outcome of transanal mucosal advancement flap repair of trans-sphincteric fistulas, 351
Treatment of perianal abscess and fistula-*in-ano* in children, 220

Gallbladder
Meta-analysis suggests antibiotic prophylaxis is not warranted in low-risk patients undergoing laparoscopic cholecystectomy, 365
Predictors of improvement in health-related quality of life in patients undergoing cholecystectomy, 1549
Randomized clinical trial of laparoscopic cholecystectomy performed with mini-instruments, 1345
Randomized clinical trial of ultrasonic *versus* electrocautery dissection of the gallbladder in laparoscopic cholecystectomy, 799

Gallstones
Predictors of improvement in health-related quality of life in patients undergoing cholecystectomy, 1549
The value of magnetic resonance cholangiopancreatography in predicting common bile duct stones in patients with gallstone disease, 42

General
Changing times for BJS, 1

Genetics
Abdominal aortic aneurysms in the New Zealand Maori population, 1361
Cytokine gene polymorphisms and the inflammatory response to abdominal aortic aneurysm repair, 1085
Familial clustering of abdominal aortic aneurysm – smoke signals, but no culprit genes, 1173
Familial pancreatic cancer, 386
Multiple endocrine neoplasia type 1, 383

Groin pain
Attendance at a pain clinic with severe chronic pain after open and laparoscopic inguinal hernia repairs, 1152

Haemorrhoids
Prospective randomized study of bacteraemia in diathermy and stapled haemorrhoidectomy, 222
Septic complications after treatment of haemorrhoids, 147

Healthcare economics
'Lean' surgery through changes in surgical work flow, 513
Population-based study of the surgical workload and economic impact of bowel obstruction caused by postoperative adhesions, 1441
Randomized clinical trial and economic analysis of four-layer compression bandaging for venous ulcers, 794
Randomized clinical trial of three-layer paste and four-layer bandages for venous leg ulcers, 934
Screening for abdominal aortic aneurysm, 515

Hernia
Individual inflammatory response of human blood monocytes to mesh biomaterials, 114
Parastomal hernia, 784
Prosthetic implants for hernia repair, 1457
Thromboprophylaxis can be omitted in selected patients undergoing varicose vein surgery and hernia repair, 818

Hernia – inguinal
Attendance at a pain clinic with severe chronic pain after open and laparoscopic inguinal hernia repairs, 1152
Best practice in groin hernia repair, 131
Influence of suture material and surgical technique on risk of reoperation after non-mesh open hernia repair, 1004
Meta-analysis of randomized clinical trials comparing open and laparoscopic inguinal hernia repair, 1479

Hernia – laparoscopy
Attendance at a pain clinic with severe chronic pain after open and laparoscopic inguinal hernia repairs, 1152

Illeostomy
Parastomal hernia, 784

Imaging
Assessment of the accuracy of transrectal ultrasonography in anorectal neoplasia, 346
Effect of endoscopic ultrasonography on the management of 100 consecutive patients with oesophageal and junctional carcinoma, 1220
Experimental model to estimate intestinal viability using charge-coupled device microscopy, 460
Image-directed parathyroidectomy under local anaesthesia in the elderly, 738
Limits and drawbacks of video-assisted parathyroidectomy, 743
Magnetic resonance imaging for primary fistula *in ano*, 877
Preoperative assessment of prognostic factors in rectal cancer using high-resolution magnetic resonance imaging, 355
Prognostic value of preoperative magnetic resonance imaging of the pelvis in rectal cancer, 1422
Role of endoscopic ultrasonography in screening and treatment of pancreatic endocrine tumours in asymptomatic patients with multiple endocrine neoplasia type 1, 748
Role of postoperative computed tomography in patients with severe liver injury, 1398
The value of magnetic resonance cholangiopancreatography in predicting common bile duct stones in patients with gallstone disease, 42

Use of multidetector-row computed tomographic colonography before flexible sigmoidoscopy in the investigation of rectal bleeding, 1163
Value of endoscopic ultrasonography as a predictor of long-term survival in oesophageal carcinoma, 1367

Ischaemia
Ischaemia–reperfusion is an event triggered by immune complexes and complement, 1470
Prospective randomized study of steroids in the prevention of ischaemic injury during hepatic resection with pedicle clamping, 17

Laparoscopy
Attendance at a pain clinic with severe chronic pain after open and laparoscopic inguinal hernia repairs, 1152
Day-case laparoscopic Nissen fundoplication, 560
Evaluation of POSSUM and P-POSSUM scoring systems in assessing outcome after laparoscopic colectomy, 1280
Factors and consequences of conversion in laparoscopic sigmoidectomy for diverticular disease, 232
Laparoscopic compared with conventional treatment of acute adhesive small bowel obstruction, 1147
Laparoscopic donor nephrectomy, 1323
Laparoscopic intersphincteric resection with coloplasty and coloanal anastomosis for mid and low rectal cancer, 445
Laparoscopic live donor nephrectomy, 1313
Laparoscopic liver resection, 644
Laparoscopic surgery for recurrent Crohn's disease, 970
Meta-analysis of randomized clinical trials comparing open and laparoscopic inguinal hernia repair, 1479
Meta-analysis suggests antibiotic prophylaxis is not warranted in low-risk patients undergoing laparoscopic cholecystectomy, 365
Moving from open to laparoscopic appendicectomy, 257
Prospective evaluation of laparoscopic total mesorectal excision with colonic J-pouch reconstruction for mid and low rectal cancers, 867
Randomized clinical trial of laparoscopic cholecystectomy performed with mini-instruments, 1345
Randomized clinical trial of ultrasonic *versus* electrocautery dissection of the gallbladder in laparoscopic cholecystectomy, 799
Systematic review of the safety and effectiveness of methods used to establish pneumoperitoneum in laparoscopic surgery, 668
The difference between laparoscopic and keyhole surgery, 1029

Liver
Effects of the intermittent Pringle manoeuvre on hepatic gene expression and ultrastructure in a randomized clinical study, 183
Percutaneous transhepatic choledochoscopic removal of intrahepatic stones, 1409
Right lobe living donor liver transplantation with or without venovenous bypass, 48
Surgical treatment of hydatid cysts of the liver, 1536

Liver – malignant
Extrahepatic disease does not contraindicate hepatectomy for colorectal liver metastases, 567
Influence of postoperative morbidity on long-term survival following liver resection for colorectal metastases, 1131
Isolated hepatic perfusion with high-dose melphalan for the treatment of colorectal metastasis confined to the liver, 1391
Matrix metalloproteinase 2 and 9 activity in patients with colorectal cancer liver metastasis, 1556
Preoperative treatment of hepatocellular carcinoma with intra-arterial injection of 131I-labelled lipiodol, 1379
Randomized clinical trial of the effect of interferon α on survival in patients with disseminated midgut carcinoid tumours, 687
Role of neoadjuvant chemotherapy in the treatment of multiple colorectal metastases to the liver, 963
Simultaneous resection of colorectal primary tumour and synchronous liver metastases, 956

Liver – miscellaneous
Non-Hodgkin lymphoma presenting with obstructive jaundice, 845
Percutaneous transhepatic choledochoscopic removal of intrahepatic stones, 1409
Plasminogen mediates liver regeneration and angiogenesis after experimental partial hepatectomy, 1384
Prevention of pleural effusion following hepatectomy using argon beam coagulation, 302

Liver – surgery
Autologous blood storage before hepatectomy for hepatocellular carcinoma with underlying liver disease, 23
Comparison of resection and radiofrequency ablation for treatment of solitary colorectal liver metastases, 1240
Extrahepatic disease does not contraindicate hepatectomy for colorectal liver metastases, 567
Laparoscopic liver resection, 644
Portal vein resection and reconstruction prior to hepatic dissection during right hepatectomy and caudate lobectomy for hepatobiliary cancer, 694
Prevention of pleural effusion following hepatectomy using argon beam coagulation, 302
Prospective randomized study of steroids in the prevention of ischaemic injury during hepatic resection with pedicle clamping, 17
Right lobe living donor liver transplantation with or without venovenous bypass, 48
Risk factors for perioperative morbidity and mortality after extended hepatectomy for hepatocellular carcinoma, 33
Simultaneous resection of colorectal primary tumour and synchronous liver metastases, 956
Surgical treatment of hydatid cysts of the liver, 1536

Liver – trauma
Role of postoperative computed tomography in patients with severe liver injury, 1398

Liver – tumour
Autologous blood storage before hepatectomy for hepatocellular carcinoma with underlying liver disease, 23
Comparison of resection and radiofrequency ablation for treatment of solitary colorectal liver metastases, 1240
Effects of the intermittent Pringle manoeuvre on hepatic gene expression and ultrastructure in a randomized clinical study, 183
Factors predictive of 5-year survival after transarterial chemoembolization for inoperable hepatocellular carcinoma, 325
Interstitial ablative techniques for hepatic tumours, 272
Interstitial laser coagulation with temporary hepatic artery occlusion for patients with cirrhosis and irresectable hepatoma, 950

Interstitial laser thermotherapy for liver tumours, 1033
Non-Hodgkin lymphoma presenting with obstructive jaundice, 845
Preoperative treatment of hepatocellular carcinoma with intra-arterial injection of 131I-labelled lipiodol, 1379
Risk factors for perioperative morbidity and mortality after extended hepatectomy for hepatocellular carcinoma, 33

Lung
Prognostic factors in resection of pulmonary metastasis from colorectal cancer, 1436
Treatment with Met-RANTES reduces lung injury in caerulein-induced pancreatitis, 698

Lymph node
Lateral pelvic lymph node dissection for advanced lower rectal cancer, 1580
Mapping sentinel nodes in patients with early-stage gastric carcinoma, 178
Prediction of tumour involvement in remaining axillary lymph nodes when the sentinel node in a woman with breast cancer contains metastases, 1354
Prognostic significance of metastatic lymph node size in patients with gastric cancer, 1522
Rapid immunohistochemical detection of lymph node micrometastasis during operation for upper gastrointestinal carcinoma, 563
Removal of two sentinel nodes accurately stages the axilla in breast cancer, 1349
Sentinel lymph node mapping in colorectal cancer, 659

Magnetic resonance imaging
Magnetic resonance imaging for primary fistula *in ano*, 877
Potential clinical implications of direction of a trans-sphincteric anal fistula track, 1250
Preoperative assessment of prognostic factors in rectal cancer using high-resolution magnetic resonance imaging, 355
Prognostic value of preoperative magnetic resonance imaging of the pelvis in rectal cancer, 1422
The value of magnetic resonance cholangiopancreatography in predicting common bile duct stones in patients with gallstone disease, 42

Management
Comparison of POSSUM scoring and the Hardman Index in selection of patients for repair of ruptured abdominal aortic aneurysm, 421
Differences between endocrine surgeons and endocrinologists in the management of non-toxic multinodular goitre, 1103
Effect of endoscopic ultrasonography on the management of 100 consecutive patients with oesophageal and junctional carcinoma, 1220
Evidence of the effect of 'specialization' on the management, surgical outcome and survival from colorectal cancer in Wessex, 583
Extracorporeal shockwave lithotripsy in the management of salivary calculi, 482
Familial pancreatic cancer, 386
Future perspectives in the acute management of head injury, 769
Influence of specialization on the management and outcome of patients with pancreatic cancer, 171
Major amputation for soft-tissue sarcoma, 102
Management of accessory breast tissue in the axilla, 1213
Management of aortic aneurysm infected with *Salmonella*, 1080
Management of severe acute pancreatitis, 407
Meta-analysis suggests antibiotic prophylaxis is not warranted in low-risk patients undergoing laparoscopic cholecystectomy, 365
Multiple endocrine neoplasia type 1, 383
Optimal preoperative assessment and surgery for rectal cancer may greatly limit the need for radiotherapy, 999
Ovarian ablation in the adjuvant treatment of premenopausal and perimenopausal breast cancer, 517
Prognostic factors influencing surgical management and outcome of gastrointestinal stromal tumours, 332
Randomized clinical study of Gastrografin® administration in patients with adhesive small bowel obstruction, 542
Randomized clinical trial comparing consultant-led or open access investigation for large bowel symptoms, 941
Recommendations for screening intervals for small aortic aneurysms, 821
Screening for abdominal aortic aneurysm, 515
Sequential physiology scoring facilitates objective assessment of resuscitation in patients with an intra-abdominal emergency, 1445
The need for targeted research into breast cancer in the elderly, 388
The value of magnetic resonance cholangiopancreatography in predicting common bile duct stones in patients with gallstone disease, 42
Value of the Glasgow Aneurysm Score in predicting the immediate and long-term outcome after elective open repair of infrarenal abdominal aortic aneurysm, 838
Value of the Van Nuys Prognostic Index in prediction of recurrence of ductal carcinoma *in situ* after breast-conserving surgery, 426
Worldwide survey among polyposis registries of surgical management of severe duodenal adenomatosis in familial adenomatous polyposis, 705

Metabolism
Insulin resistance in sepsis, 259

Metabolism & nutrition
Immunonutrition, 1459
Peripheral parenteral nutrition, 1048
Preoperative fasting, 400
Randomized clinical trials to determine the role of topical glyceryl trinitrate in peripheral intravenous nutrition, 804

Metastasis
Bone marrow micrometastasis in breast cancer, 290
Comparison of resection and radiofrequency ablation for treatment of solitary colorectal liver metastases, 1240
Detection of disseminated tumour cells in blood and bone marrow samples of patients undergoing hepatic resection for metastasis of colorectal cancer, 989
Extrahepatic disease does not contraindicate hepatectomy for colorectal liver metastases, 567
High recurrence rate after atypical resection for pancreatic metastases from renal cell carcinoma, 555
Prediction of tumour involvement in remaining axillary lymph nodes when the sentinel node in a woman with breast cancer contains metastases, 1354

Published by John Wiley & Sons Ltd

Prognostic factors in resection of pulmonary metastasis from colorectal cancer, 1436
Rapid immunohistochemical detection of lymph node micrometastasis during operation for upper gastrointestinal carcinoma, 563
Role of neoadjuvant chemotherapy in the treatment of multiple colorectal metastases to the liver, 963
Simultaneous resection of colorectal primary tumour and synchronous liver metastases, 956

Nerve
Effect of sacral nerve stimulation on autonomic nerve function, 1256

Oesophagus
Adverse association of oesophageal atresia and cleft lip and palate, 716
Day-case laparoscopic Nissen fundoplication, 560
Impact of anatomical wrap position on the outcome of Nissen fundoplication, 854
Risk factors predicting the development of complications after foreign body ingestion, 1531

Oesophagous – cancer
A comparison of video-assisted thoracoscopic oesophagectomy and radical lymph node dissection for squamous cell cancer of the oesophagus with open operation, 108
Effect of neoadjuvant chemoradiotherapy on angiogenesis in oesophageal cancer, 1373
Value of endoscopic ultrasonography as a predictor of long-term survival in oesophageal carcinoma, 1367

Oesophagous – malignant
Effect of endoscopic ultrasonography on the management of 100 consecutive patients with oesophageal and junctional carcinoma, 1220
Human model of duodenogastro-oesophageal reflux in the development of Barrett's metaplasia, 1120

Oesophagous – reflux
Day-case laparoscopic Nissen fundoplication, 560
Human model of duodenogastro-oesophageal reflux in the development of Barrett's metaplasia, 1120
Impact of anatomical wrap position on the outcome of Nissen fundoplication, 854

Oesophagous – surgery
A comparison of video-assisted thoracoscopic oesophagectomy and radical lymph node dissection for squamous cell cancer of the oesophagus with open operation, 108

Oesophagous – tumour
A comparison of video-assisted thoracoscopic oesophagectomy and radical lymph node dissection for squamous cell cancer of the oesophagus with open operation, 108

Oncology
Impact of skin-sparing mastectomy with immediate reconstruction and breast-sparing reconstruction with miniflaps on the outcomes of oncoplastic breast surgery, 433
Significance of apoptosis in surgical oncology, 129

Operation
Alcohol consumption and the risk of nosocomial infection in general surgery, 1287
Patient to surgeon infections – fact or fiction, 1315
Preoperative fasting, 400
Randomized clinical trial of multimodal optimisation and standard perioperative surgical care, 1497

Paediatric
Treatment of perianal abscess and fistula-*in-ano* in children, 220

Pain
Attendance at a pain clinic with severe chronic pain after open and laparoscopic inguinal hernia repairs, 1152
Effect on diagnostic efficiency of analgesia for undifferentiated abdominal pain, 5
Randomized clinical trial comparing epidural anaesthesia and patient-controlled analgesia after laparoscopic segmental colectomy, 1195

Pancreas – cancer
Familial pancreatic cancer, 386
Influence of specialization on the management and outcome of patients with pancreatic cancer, 171
Prevalence of multiple endocrine neoplasia type 1 in young patients with apparently sporadic primary hyperparathyroidism or pancreaticoduodenal endocrine tumours, 1599
Role of endoscopic ultrasonography in screening and treatment of pancreatic endocrine tumours in asymptomatic patients with multiple endocrine neoplasia type 1, 748

Pancreas – inflammatory
Calcitonin precursors in the prediction of severity of acute pancreatitis on the day of admission, 197
Duodenum- and spleen-preserving total pancreatectomy for end-stage chronic pancreatitis, 1401
Organ-preserving pancreatic head resection in chronic pancreatitis, 29
Serum antigen(s) drive the proinflammatory T cell response in acute pancreatitis, 313

Pancreas – malignant
High recurrence rate after atypical resection for pancreatic metastases from renal cell carcinoma, 555
Predictive factors for malignancy in intraductal papillary-mucinous tumours of the pancreas, 1244
Role of endoscopic ultrasonography in screening and treatment of pancreatic endocrine tumours in asymptomatic patients with multiple endocrine neoplasia type 1, 748

Pancreas – surgery
Duodenum- and spleen-preserving total pancreatectomy for end-stage chronic pancreatitis, 1401
High recurrence rate after atypical resection for pancreatic metastases from renal cell carcinoma, 555
Increased age and APACHE II scores are the main determinants of outcome from pancreatic necrosectomy, 1542
Pancreatic leak after left pancreatectomy is reduced following main pancreatic duct ligation, 190
Size of the pancreatic head as a prognostic factor for the outcome of Beger's procedure for painful chronic pancreatitis, 320

Copyright © 2003 British Journal of Surgery Society Ltd
Published by John Wiley & Sons Ltd

Pancreas – tumour
Non-Hodgkin lymphoma presenting with obstructive jaundice, 845
Predictive factors for malignancy in intraductal papillary-mucinous tumours of the pancreas, 1244
Role of endoscopic ultrasonography in screening and treatment of pancreatic endocrine tumours in asymptomatic patients with multiple endocrine neoplasia type 1, 748

Pancreatitis
Calcitonin precursors in the prediction of severity of acute pancreatitis on the day of admission, 197
Comparison of histological features and inflammatory cell reaction in alcoholic, idiopathic and tropical chronic pancreatitis, 1556
Duodenum- and spleen-preserving total pancreatectomy for end-stage chronic pancreatitis, 1401
Early measurement of procalcitonin does not predict severity in patients with acute pancreatitis, 1129
Increased age and APACHE II scores are the main determinants of outcome from pancreatic necrosectomy, 1542
Management of severe acute pancreatitis, 407
Organ-preserving pancreatic head resection in chronic pancreatitis, 29
Serum antigen(s) drive the proinflammatory T cell response in acute pancreatitis, 313
Size of the pancreatic head as a prognostic factor for the outcome of Beger's procedure for painful chronic pancreatitis, 320
Treatment with Met-RANTES reduces lung injury in caerulein-induced pancreatitis, 698

Pathology
Pathophysiology of intra-abdominal adhesion and abscess formation, and the effect of hyaluronan, 533

Perfusion
Isolated hepatic perfusion with high-dose melphalan for the treatment of colorectal metastasis confined to the liver, 1391

Peritoneum
Experimental evaluation of phospholipids and icodextrin in re-formation of peritoneal adhesions, 1604
Prospective study of peritoneal recurrence after curative surgery for gastric cancer, 1113
Significance of intraoperative peritoneal culture of fungus in perforated peptic ulcer, 1215
Systematic review of the safety and effectiveness of methods used to establish pneumoperitoneum in laparoscopic surgery, 668

Peritonitis
Pathophysiology of intra-abdominal adhesion and abscess formation, and the effect of hyaluronan, 533
Role of peritoneal mesothelial cells in peritonitis, 1187

POSSUM
Comparison of POSSUM scoring and the Hardman Index in selection of patients for repair of ruptured abdominal aortic aneurysm, 421
Comparison of P-POSSUM risk-adjusted mortality rates after surgery between patients in the USA and the UK, 1593
Evaluation of POSSUM and P-POSSUM scoring systems in patients undergoing colorectal surgery, 340
The Physiological and Operative Severity Score for the enUmeration of Mortality and morbidity (POSSUM), 157

Pre-emptive surgery
Pre-emptive surgery and increasing demands for technical perfection, 3

Prognosis
Detection of disseminated tumour cells in blood and bone marrow samples of patients undergoing hepatic resection for metastasis of colorectal cancer, 989
Early measurement of procalcitonin does not predict severity in patients with acute pancreatitis, 1129
Factors predictive of 5-year survival after transarterial chemoembolization for inoperable hepatocellular carcinoma, 325
Influence of postoperative morbidity on long-term survival following liver resection for colorectal metastases, 1131
Perioperative detection of disseminated tumour cells is an independent prognostic factor in patients with colorectal cancer, 882
Preoperative assessment of prognostic factors in rectal cancer using high-resolution magnetic resonance imaging, 355
Prognostic factors influencing surgical management and outcome of gastrointestinal stromal tumours, 332
Prognostic factors in resection of pulmonary metastasis from colorectal cancer, 1436
Prognostic significance of metastatic lymph node size in patients with gastric cancer, 1522
Prognostic value of preoperative magnetic resonance imaging of the pelvis in rectal cancer, 1422

Quality of life
Impact of surgical procedure for gastric cancer on quality of life, 91
Lymphoedema and reduced shoulder function as indicators of quality of life after axillary lymph node dissection for invasive breast cancer, 76
Predictors of improvement in health-related quality of life in patients undergoing cholecystectomy, 1549
Survival of the quality of life concept, 1175

Rectal cancer
Comparison of transanal stent with defunctioning stoma in low anterior resection for rectal cancer, 581
Laparoscopic intersphincteric resection with coloplasty and coloanal anastomosis for mid and low rectal cancer, 445
Lateral pelvic lymph node dissection for advanced lower rectal cancer, 1580
Long-term results of the Lyons R90-01 randomized trial of preoperative radiotherapy with delayed surgery and its effect on sphincter-saving surgery in rectal cancer, 996
Optimal preoperative assessment and surgery for rectal cancer may greatly limit the need for radiotherapy, 999
Preoperative assessment of prognostic factors in rectal cancer using high-resolution magnetic resonance imaging, 355
Prognostic value of preoperative magnetic resonance imaging of the pelvis in rectal cancer, 1422
Prospective evaluation of laparoscopic total mesorectal excision with colonic J-pouch reconstruction for mid and low rectal cancers, 867
Recurrence and survival after mesorectal excision for rectal cancer, 974

Copyright © 2003 British Journal of Surgery Society Ltd
Published by John Wiley & Sons Ltd

Staging of rectal cancer, 895

Rectum
Clinical and physiological findings, and possible aetiological factors of rectal hyposensitivity, 860
Extrasphincteric rectal fistulas treated successfully by Soave's procedure despite marked local sepsis, 237
Mortality, morbidity and functional outcome after ileorectal anastomosis, 59
Use of multidetector-row computed tomographic colonography before flexible sigmoidoscopy in the investigation of rectal bleeding, 1163

Rectum – cancer
Assessment of the accuracy of transrectal ultrasonography in anorectal neoplasia, 346
Comparison of transanal stent with defunctioning stoma in low anterior resection for rectal cancer, 581
Laparoscopic intersphincteric resection with coloplasty and coloanal anastomosis for mid and low rectal cancer, 445
Options for sphincter preservation in surgery for low rectal cancer, 922
Prospective evaluation of laparoscopic total mesorectal excision with colonic J-pouch reconstruction for mid and low rectal cancers, 867
Recurrence and survival after mesorectal excision for rectal cancer, 974

Rectum – surgery
Laparoscopic intersphincteric resection with coloplasty and coloanal anastomosis for mid and low rectal cancer, 445
Mortality, morbidity and functional outcome after ileorectal anastomosis, 59
Prospective evaluation of laparoscopic total mesorectal excision with colonic J-pouch reconstruction for mid and low rectal cancers, 867
Salvage surgery after restorative proctocolectomy, 909
Smoking affects the outcome of transanal mucosal advancement flap repair of trans-sphincteric fistulas, 351

Recurrence
Value of the Van Nuys Prognostic Index in prediction of recurrence of ductal carcinoma *in situ* after breast-conserving surgery, 426

Renal
Improved patient survival in recipients of simultaneous pancreas-kidney transplant compared with kidney transplant alone in patients with type 1 diabetes mellitus and end-stage renal disease, 1137
Laparoscopic donor nephrectomy, 1323
Laparoscopic live donor nephrectomy, 1313
Randomized clinical trial of the effect of microemulsion cyclosporin and tacrolimus on renal allograft fibrosis, 680
Renal dysfunction and prolonged visceral ischaemia increase mortality rate after suprarenal aneurysm repair, 1142

Screening
Comparison of POSSUM scoring and the Hardman Index in selection of patients for repair of ruptured abdominal aortic aneurysm, 421
Recommendations for screening intervals for small aortic aneurysms, 821
Screening for abdominal aortic aneurysm, 515
The National Health Service Breast Screening Programme and British Association of Surgical Oncology audit of quality assurance in breast screening 1996–2001, 82

Sepsis
Insulin resistance in sepsis, 259
Management of aortic aneurysm infected with *Salmonella*, 1080
Randomized clinical trial of preoperative intranasal mupirocin to reduce surgical-site infection after digestive surgery, 1072
Septic complications after treatment of haemorrhoids, 147

Small bowel
Laparoscopic compared with conventional treatment of acute adhesive small bowel obstruction, 1147
Population-based study of the surgical workload and economic impact of bowel obstruction caused by postoperative adhesions, 1441
Randomized clinical study of Gastrografin® administration in patients with adhesive small bowel obstruction, 542

Small intestine
Population-based study of the surgical workload and economic impact of bowel obstruction caused by postoperative adhesions, 1441

Sphincter
L-Arginine-induced relaxation of the internal anal sphincter is not mediated by nitric oxide, 1155
Long-term results of the Lyons R90-01 randomized trial of preoperative radiotherapy with delayed surgery and its effect on sphincter-saving surgery in rectal cancer, 996
Meta-analysis to determine the incidence of obstetric anal sphincter damage, 1333
Options for sphincter preservation in surgery for low rectal cancer, 922
Symptoms and anal sphincter morphology following primary repair of third-degree tears, 1573
Use of a continent colonic conduit for treatment of refractory evacuatory disorder following construction of an electrically stimulated gracilis neoanal sphincter, 1416

Stenosis
Control of emboli in patients with recurrent or crescendo transient ischaemic attacks using preoperative transcranial Doppler-directed Dextran therapy, 166
Randomized clinical trial of preoperative intranasal mupirocin to reduce surgical-site infection after digestive surgery, 1072

Stent
Comparison of stenting with emergency surgery as palliative treatment for obstructing primary left-sided colorectal cancer, 1429
Comparison of transanal stent with defunctioning stoma in low anterior resection for rectal cancer, 581
Mid-term results for second-generation thoracic stent grafts, 811

Stomach
Impact of anatomical wrap position on the outcome of Nissen fundoplication, 854

Copyright © 2003 British Journal of Surgery Society Ltd
Published by John Wiley & Sons Ltd

Significance of intraoperative peritoneal culture of fungus in perforated peptic ulcer, 1215

Stomach – cancer
Combined evaluation of mucin antigen and E-cadherin expression may help select patients with gastric cancer suitable for minimally invasive therapy, 95
Effect of endoscopic ultrasonography on the management of 100 consecutive patients with oesophageal and junctional carcinoma, 1220
Gastrointestinal stromal tumours, 1178
Impact of surgical procedure for gastric cancer on quality of life, 91
Prognostic factors influencing surgical management and outcome of gastrointestinal stromal tumours, 332
Prognostic significance of metastatic lymph node size in patients with gastric cancer, 1522
Prospective study of peritoneal recurrence after curative surgery for gastric cancer, 1113
Prospective study of proximal gastrectomy for early gastric cancer in the upper third of the stomach, 850
Randomized clinical trial of Ligasure™ *versus* conventional surgery for extended gastric cancer resection, 1493
Rapid immunohistochemical detection of lymph node micrometastasis during operation for upper gastrointestinal carcinoma, 563

Stomach – malignant
Mapping sentinel nodes in patients with early-stage gastric carcinoma, 178
Prognostic significance of metastatic lymph node size in patients with gastric cancer, 1522

Stomach – surgery
Impact of surgical procedure for gastric cancer on quality of life, 91
Prospective study of proximal gastrectomy for early gastric cancer in the upper third of the stomach, 850

Stomach – tumour
Gastrointestinal stromal tumours, 1178
Prognostic factors influencing surgical management and outcome of gastrointestinal stromal tumours, 332

Stricture
Percutaneous transhepatic choledochoscopic removal of intrahepatic stones, 1409

Surgical education
Objective assessment of technical skills of surgical trainees in Hong Kong, 1294
Pre-emptive surgery and increasing demands for technical perfection, 3

Surgical technique
Attendance at a pain clinic with severe chronic pain after open and laparoscopic inguinal hernia repairs, 1152
Comparison of resection and radiofrequency ablation for treatment of solitary colorectal liver metastases, 1240
Duodenum- and spleen-preserving total pancreatectomy for end-stage chronic pancreatitis, 1401
Extracorporeal shockwave lithotripsy in the management of salivary calculi, 482
Interstitial ablative techniques for hepatic tumours, 272
Interstitial laser thermotherapy for liver tumours, 1033
Moving from open to laparoscopic appendicectomy, 257
Non-suture methods of vascular anastomosis, 261
Prospective randomized study of bacteraemia in diathermy and stapled haemorrhoidectomy, 222
Randomized clinical trial of laparoscopic cholecystectomy performed with mini-instruments, 1345
Simultaneous resection of colorectal primary tumour and synchronous liver metastases, 956
Systematic review of the safety and effectiveness of methods used to establish pneumoperitoneum in laparoscopic surgery, 668
Tele-manipulator robots in surgery, 641
Temporary closure of open abdominal wounds by the modified sandwich-vacuum pack technique, 718
The difference between laparoscopic and keyhole surgery, 1029
Use of hyperbaric oxygen to treat chronic anal fissure, 452
Use of multidetector-row computed tomographic colonography before flexible sigmoidoscopy in the investigation of rectal bleeding, 1163

Surgical training
Objective assessment of technical skills of surgical trainees in Hong Kong, 1294
Pre-emptive surgery and increasing demands for technical perfection, 3
Reaction time does not predict surgical skill, 1285
Surgeons and cognitive processes, 10
Surgical simulation – a 'good idea whose time has come', 767

Technique
Differences between endocrine surgeons and endocrinologists in the management of non-toxic multinodular goitre, 1103
Patient to surgeon infections – fact or fiction, 1315
Randomized clinical trial of suction *versus* standard clearance of the diathermy plume, 1068

Telemedcine
Tele-manipulator robots in surgery, 641
Telemedicine in surgery, 647

Thrombosis
Randomized clinical trial of intermittent pneumatic compression and low molecular weight heparin in trauma, 1338
Thromboprophylaxis can be omitted in selected patients undergoing varicose vein surgery and hernia repair, 818

Thyroid
Image-directed parathyroidectomy under local anaesthesia in the elderly, 738
Limits and drawbacks of video-assisted parathyroidectomy, 743
Regional cerebral blood flow in patients with primary hyperparathyroidism before and after successful parathyroidectomy, 732

Thyroid – tumour
Accuracy of fine-needle aspiration cytology in patients with radiation-induced thyroid neoplasms, 755
Prevalence of multiple endocrine neoplasia type 1 in young patients with apparently sporadic primary hyperparathyroidism or pancreaticoduodenal endocrine tumours, 1599

Copyright © 2003 British Journal of Surgery Society Ltd
Published by John Wiley & Sons Ltd

Regional cerebral blood flow in patients with primary hyperparathyroidism before and after successful parathyroidectomy, 732

Transplantation
Adult small intestinal transplantation in England and Wales, 726
Fibrosis-associated gene expression in renal transplant glomeruli after acute renal allograft rejection, 1009
Improved patient survival in recipients of simultaneous pancreas-kidney transplant compared with kidney transplant alone in patients with type 1 diabetes mellitus and end-stage renal disease, 1137
Laparoscopic donor nephrectomy, 1323
Laparoscopic live donor nephrectomy, 1313

Transplantation – kidney
Fibrosis-associated gene expression in renal transplant glomeruli after acute renal allograft rejection, 1009
Improved patient survival in recipients of simultaneous pancreas-kidney transplant compared with kidney transplant alone in patients with type 1 diabetes mellitus and end-stage renal disease, 1137
Laparoscopic donor nephrectomy, 1323
Laparoscopic live donor nephrectomy, 1313
Randomized clinical trial of the effect of microemulsion cyclosporin and tacrolimus on renal allograft fibrosis, 680

Transplantation – liver
Fine-needle aspiration cytology in the diagnosis of acute rejection after liver transplantation, 246
Right lobe living donor liver transplantation with or without venovenous bypass, 48

Transplantation – miscellaneous
Adult small intestinal transplantation in England and Wales, 726

Transplantation – pancreas
Improved patient survival in recipients of simultaneous pancreas-kidney transplant compared with kidney transplant alone in patients with type 1 diabetes mellitus and end-stage renal disease, 1137
Transplantation for diabetes mellitus, 1031

Trauma
Cold provocation testing and hand-arm vibration syndrome – an audit of the results of the Department of Trade and Industry scheme for the evaluation of miners, 1076
Future perspectives in the acute management of head injury, 769
Randomized clinical trial of intermittent pneumatic compression and low molecular weight heparin in trauma, 1338
Role of postoperative computed tomography in patients with severe liver injury, 1398

Tumour
Multiple endocrine neoplasia type 1, 383
Randomized clinical trial of the effect of interferon α on survival in patients with disseminated midgut carcinoid tumours, 687

Ultrasonography
Effect of endoscopic ultrasonography on the management of 100 consecutive patients with oesophageal and junctional carcinoma, 1220
Image-directed parathyroidectomy under local anaesthesia in the elderly, 738
Role of endoscopic ultrasonography in screening and treatment of pancreatic endocrine tumours in asymptomatic patients with multiple endocrine neoplasia type 1, 748
Value of endoscopic ultrasonography as a predictor of long-term survival in oesophageal carcinoma, 1367

Urology
Natural course of acquired undescended testis in boys, 728

Varicose veins
Thromboprophylaxis can be omitted in selected patients undergoing varicose vein surgery and hernia repair, 818

Vascular surgery
Endovascular management of traumatic cervicothoracic arteriovenous fistula, 1516
Non-suture methods of vascular anastomosis, 261
Renal dysfunction and prolonged visceral ischaemia increase mortality rate after suprarenal aneurysm repair, 1142

Vein
Endovascular management of traumatic cervicothoracic arteriovenous fistula, 1516
Portal vein resection and reconstruction prior to hepatic dissection during right hepatectomy and caudate lobectomy for hepatobiliary cancer, 694
Spatial relations of the angular vein, an important landmark in axillary nodal dissection, 948

Venous
Randomized clinical trials to determine the role of topical glyceryl trinitrate in peripheral intravenous nutrition, 804

Venous thrombosis
Enoxaparin effect depends on body-weight and current doses may be inadequate in obese patients, 547

Venous ulcer
Randomized clinical trial and economic analysis of four-layer compression bandaging for venous ulcers, 794
Randomized clinical trial of three-layer paste and four-layer bandages for venous leg ulcers, 934

Wound closure
Temporary closure of open abdominal wounds by the modified sandwich-vacuum pack technique, 718

Wound healing
Growth factors in the treatment of diabetic foot ulcers, 133
